Date

DECLARATION UNDER RULE 131

The undersigned declares that:

She is a coinventor in the present application;

She is now and has been, since the date of the present invention, an  
employee of the Eastman Kodak Company

In accordance with Kodak's established intellectual property procedures  
for tracking inventions, called "Invention Tracker", she submitted the present  
invention as an "Idea Submission" to the system on October 22, 2003 (See Item 2  
on the attached Exhibit A);

The date of the submission and other information on the Exhibit is  
accurate and has not been altered;

The title of the submission was "Unsymmetric anthracenes as blue hosts"  
(See Item 1 of Exhibit A);

The fifth line the Summary of the Invention describes an OLED device  
containing the compound INV-1 of the application (See Item 3 of Exhibit A);

-2-

The advantage of the inventive combination over the use of Comp-1 (=TBADN) (See Item 4).

The undersigned declares further that all statements made herein of the undersigned's own knowledge are true and all statements made on information and belief are believed to be true. These statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
